Public Meeting & work session of Draft #2 of the Critical Areas Ordinance (CAO) Update:

Tess Cooper, Associate Planner, provided a summary of the process which included a discussion on geographically hazardous areas, critical aquifer recharge areas, and frequently flooded areas. Ms. Cooper also discussed the WA Department of Commerce critical areas update worksheet. The WA Department of Commerce is the agency that oversees the work we do on the CAO update and sets the requirements in the CAO.

Jay Gordon with Geo Engineering, provided some clarity on geographically hazardous areas. Don Measamer, Planning Director, stated we are still collecting public comments and having public meetings to discuss and gather information to help Staff and Commissioners with the updating process. A matrix of public comments will be created and provided at a later date.

Chair McNett then opened the floor for public comments. No decisions were made at this meeting. The next meeting is scheduled for December 4, 2019, with a public hearing on December 18, 2019 on the CAO update.

With no further discussion, Chair McNett concluded the meeting at approximately 6:53 pm.
