City Council Minutes – January 21, 2020

Mayor Laurie Gere called to order the Anacortes City Council meeting of January 21, 2020 at 6:00 p.m. Councilmembers Jeremy Carter, Anthony Young, Ryan Walters, Christine Cleland-McGrath, Bruce McDougall and Matt Miller were present. Councilmember Carolyn Moulton was absent.

The assembly joined in the Pledge of Allegiance.

Announcements and Committee Reports

Oath of Office for Police Officer Josh Scholten: Police Chief John Small introduced Officer Josh Scholten and summarized his work history and qualifications. City Clerk Steve Hoglund administered the oath of office to Officer Scholten.

Resolution 2071: Appointing City Council Members to Council Committees: Mayor Pro Tem Bruce McDougall presented Resolution 2071 to confirm City Council committee assignments for 2020. He advised of one change, the addition of Mr. Walters to the Community Center/Pool Committee. Mr. Miller moved, seconded by Mr. Walters, to approve Resolution 2071 with the addition of Mr. Walters to the Community Center/Pool Committee. The motion carried unanimously by voice vote.

Port/City Liaison Committee: Mr. Miller reported from the committee meeting on January 7, 2020. He listed topics discussed including the Port's event center design and schedule for presentation of that topic to City Council, Depot restrooms, and impacts of critical areas buffers, among others.

Skagit Law & Justice Council: Mr. Miller reported from the Law & Justice Council meeting on January 8, 2020. He mentioned topics discussion including re-election of officers, criteria-based dispatch, Community Action's event on March 25 regarding homelessness, the national homelessness count, and the Council's focus on combatting recidivism in 2020.

Public Works Committee: Mr. Walters reported from the committee meeting earlier in the evening at which those present reviewed changes to the Public Works organizational chart, previewed the presentations on the Edwards Way roundabout and the Senior Center roof that would appear later on the meeting agenda, and the status of the South Fidalgo Water System consolidation proposal.

Fiber Committee: Mr. McDougall reported from the committee meeting the prior week at which those present discussed the material to be presented later on the agenda.

Mr. Carter advised that Council had received numerous emails regarding declaration of a climate emergency and that Council was actively considering next steps. Mr. Walters added that he and Ms. Moulton would be meeting with the group that had proposed the declaration and would report back to the full Council after that meeting.

Public Comment

Doug Thurber objected to children being used in a public forum to promote climate action, which he said had happened for the second time recently at the City Council meeting on January 6, 2020. Mr. Thurber said this was evidence of global liberal agenda pushed in schools. He recounted a history of socialism and progressive Marxism in the United States and corruption of American youth against their country. Mr. Thurber asked councilmembers to educate themselves, stating that the environmental movement is the anti-free market, anti-west movement of our time. He referred councilmembers to the DVD of *The Great Global Warming Swindle* that he had recently distributed to them.

Bob Anderson echoed Mr. Thurber's comments. Mr. Anderson said the Extinction Rebellion argument was based on carbon dioxide in the atmosphere. He discussed the worldwide ecological damage that would be caused if CO2 levels were reduced to the level climate activists support. Mr. Anderson said climate change is a political issue, not a science issue. He urged Council to study the issue carefully before taking action.

Consent Agenda

Mr. Miller moved, seconded by Mr. Young, to approve the following Consent Agenda items. The motion carried unanimously by voice vote.

- a. Minutes of January 6, 2020
- b. Approval of Claims in the amount of: \$513,401.72
- c. Contract Award: WWTP Incinerator MCC Replacement #20-022-SEW-001
- d. Contract Modification Approval: Emergency Management Services #19-015-IDS-001
- e. Interlocal Approval: Mutual Assistance with PUD #1 of Skagit County, #20-031-WTR-001
- f. Ordinance 3052: Updating AMC Chapter 12.50, Street and Alley Vacation
- g. Resolution 2073: Finding of an Emergency for the Senior Center Roof Replacement

The following vouchers/checks were approved for payment:

EFT numbers: 95849 through 95900 and 95940 through 95980, total \$423,698.64

Check numbers: 95901 through 95938 and 95981 through 96042, total \$503,035.59

Wire transfer numbers: 261413 through 262433, total \$32,556.71

OTHER BUSINESS

Skagit County 2020 Hazard Mitigation Plan Update

Fire Chief David Oliveri briefed Council on the mitigation plan update and explained opportunities for public input on the update. Chief Oliveri's comments were added to the packet materials for the meeting. Mr. Miller and Mr. Walters observed that the plan addressed only natural and not human caused hazards. Mr. Miller suggested making that explicit in the plan title; Mr. Walters urged developing an all hazards plan in future.

Contract Award: Ship Harbor and SR20 Spur Intersection Improvements Project #16-025-TRN-003

Assistant Public Works Director Eric Shjarback requested City Council consent to award a contract in the amount of \$1,435,131.19 to SRV Construction, Inc. to perform the Ship Harbor and SR20 SPUR Intersection Improvements Project. Mr. Shjarback described the project, its safety features, and the projected construction schedule and traffic impacts. His slide presentation was added to the packet materials for the meeting. Mr. Shjarback noted that Mayor Gere had requested that the construction be complete by May 1. He explained the liquidated damages provision of the contract but said he did not expect delays beyond the 70 working days allowed under the contract.

Mr. Walters moved, seconded by Mr. McDougall, to approve the contract as presented. Vote: Ayes – Young, Walters, Cleland-McGrath, McDougall, Miller and Carter. Motion carried.

Municipal Fiber Internet Update

Administrative Services Director Emily Schuh updated Council on the municipal fiber project. Ms. Schuh's slide presentation was included in the packet materials for the meeting. She requested Council direction on a strategy for installing the fiber optic network infrastructure in the Central Business District, Old Town and M Avenue pilot areas in a fashion consistent with the business model. Ms. Schuh recommended hiring three new staff to install service MST-to-customer as a more cost-effective option than contracting that work as had originally been anticipated and attempted.

Councilmembers discussed installation options, progress to date, and measures of success at some length. Council explored with staff options for incorporating current water distribution employees into fiber installation crews. After considerable exploration of various staffing options to allow installations to commence efficiently when materials arrived at the end of February, councilmembers generally favored hiring one new installer and beginning installations with a team composed of fiber and water crew members to establish a realistic installation rate, then increasing the crew size if that were to prove more efficient later in the season. Councilmembers strongly endorsed cross training all fiber staff and emphasized the importance of establishing positive cash flow.

Mr. Walters moved, seconded by Mr. Miller, to authorize the mayor to hire one additional limited term employee for the fiber department to assist in fiber installations. Vote: Ayes – Walters, Cleland-McGrath, McDougall, Miller, Carter and Young. Motion carried.

Doug Thurber returned to the podium and observed that cross training is a luxury, to get efficiency you specialize. He urged hiring one person with hands on experience to lead a team. Mr. Thurber said Council was heading in the right direction.

There being no further business, at approximately 7:45 p.m. the Anacortes City Council meeting of January 21, 2020 was adjourned.

The following claims against the City of Anacortes have been preaudited and certified by the Clerk-Treasurer as ready for City Council approval at the January 27, 2020 City Council meeting:

United States 2020 Census

Mission Statement:

- **To be the preeminent collector and provider of data about the people and economy of the United States.**

Goal:

- **To count everyone once, only once and in the right place.**

Skagit County 2010 Census

Census Self-Response:

- In 2010, **83.4%** of the county's households mailed back their 2010 census questionnaire, only 16.6% required follow-up.

Start here OR go online at [url removed] to complete your 2020 Census questionnaire.
Use a blue or black pen.

Before you answer Question 1, count the people living in this house, apartment, or mobile home using our guidelines.

- Count all people, including babies, who live and sleep here most of the time.
- If no one lives and sleeps at this address most of the time, go online at [url removed] or call the number on page 8.

The census must also include people without a permanent place to live, so:

- If someone who does not have a permanent place to live is staying here on April 1, 2020, count that person.

The Census Bureau also conducts counts in institutions and other places, so:

- Do not count anyone living away from here, either at college or in the Armed Forces.
- Do not count anyone in a nursing home, jail, prison, detention facility, etc., on April 1, 2020.
- Leave these people off your questionnaire, even if they will return to live here after they leave college, the nursing home, the military, jail, etc. Otherwise, they may be counted twice.

1. How many people were living or staying in this house, apartment, or mobile home on April 1, 2020?

Number of people =

2. Were there any **additional** people staying here on April 1, 2020 that you **did not include** in Question 1?
Mark ☒ all that apply.

- ☐ Children, related or unrelated, such as newborn babies, grandchildren, or foster children
- ☐ Relatives, such as adult children, cousins, or in-laws
- ☐ Nonrelatives, such as roommates or live-in babysitters
- ☐ People staying here temporarily
- ☐ No additional people

3. Is this house, apartment, or mobile home — Mark ☒ ONE box.

- ☐ Owned by you or someone in this household with a mortgage or loan? *Include home equity loans.*
- ☐ Owned by you or someone in this household free and clear (without a mortgage or loan)?
- ☐ Rented?
- ☐ Occupied without payment of rent?

4. What is your telephone number?
We will only contact you if needed for official Census Bureau business.

RESOLUTION NO. 2072

**A RESOLUTION OF THE CITY OF ANACORTES, WASHINGTON,
APPROVING THE 2020 LEGISLATIVE PRIORITIES**

WHEREAS, during the 2020 Washington Legislative Session, the City Council desires to provide input to the Senators and Representatives who represent the City's constituents pertaining to the development of laws that will have a significant effect on the City's ability to provide a wide variety of services to its constituents; and

WHEREAS, the 2020 Legislative Priorities and Supported Issues Platform are the documents that set forth the City Council's policy position on broad public policy areas that are of concern to the City; and

WHEREAS, during the 2020 Legislative Session, proposed legislation in other areas of concern to the City will be monitored and reviewed with City Council when appropriate; and

WHEREAS, it is the intent of the City Council to take positions of support or opposition to proposed legislation impacting the City and to lobby the legislature based on these positions.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ANACORTES, WASHINGTON, AS FOLLOWS:

1. The City's 2020 Legislative Priorities as set forth in Exhibit A attached hereto and incorporated herein are hereby approved.
2. The City's 2020 Supported Issues Platform as set forth in Exhibit B attached hereto and incorporated herein is hereby approved.
3. By adopting the 2020 Legislative Priorities and 2020 Supported Issues Platform, City Council may support or oppose proposed legislation consistent with these positions and direct staff and/or consultants to lobby on their behalf.

EXHIBIT A

CITY OF ANACORTES 2020 WASHINGTON STATE LEGISLATIVE PRIORITY ISSUES

1. COMMUNITY YOUTH RECREATION CENTER

Build a community youth recreation center to support the youth by creating a safe place to study and socialize; and expose members to recreational, educational, and family support opportunities.

2. AFFORDABLE HOUSING AND HOMELESSNESS

Advocate for State investment and financial support to address homelessness and affordable housing by pursuing new resources and policies that will allow for an increase to local projects of supportive housing.

3. MUNICIPAL FIBER

Maintain the designation of Internet as an Information service, consider tiered rural broadband grants based needs and availability rather than all or nothing qualifications, and continue to provide paths for local government to create the broadband Internet service that's right for their specific community.

4. INTERNATIONAL FERRY

Upgrade and maintain the redundant international ferry capacity on the route from Anacortes to Sidney, British Columbia, promoting economic development and tourism with an electric-hybrid vessel with a lower environmental footprint.

5. MARITIME INDUSTRY

Promote and expand a sustainable maritime economy while preserving our historically rich maritime culture.

EXHIBIT B

CITY OF ANACORTES 2020 WASHINGTON STATE SUPPORTED ISSUES PLATFORM

REVENUE

TRANSPORTATION

Support continued generation of new ideas for transportation revenue to provide additional emphasis on safety improvements of all transportation system.

MARIJUANA

Promote and advocate increased sharing of marijuana tax revenue with cities tasked with both the enforcement of State and regulatory laws and with the provision of health and social services designed to mitigate marijuana substance abuse.

REGULATIONS

PUBLIC WORKS TRUST FUND

Promote and advocate to fully fund the Public Works Trust Program, a critically needed source of funding for municipal infrastructure.

WATER RESILIENCY

Manage water assets to meet the appropriate regulatory standards for their intended uses. Treated drinking water, wastewater, stormwater, and runoff all contribute to the replenishment of the water cycle.

I-976

Identify and seek legislative support to address the impacts of I-976 and identify ways to address the financial losses imposed by the passage of this regulation.

INFRASTRUCTURE FUNDING

PARKS AND TRAILS

Seek funding for continued improvements to Anacortes parks and expand trail systems to connect our community, enhance access to waterfront areas, and provide non-motorized transportation options.

WATER SYSTEM

Support low cost loans or similar tools such as tax-exempt municipal bonds, public private partnerships, or the state revolving loan for the much needed water service infrastructure improvements, repair, or replacement.

CAPACITY

UNFUNDED MANDATES

Refrain from supporting any legislative proposals that would establish a mandate upon local government without providing the necessary funds to fully support the mandate to comply with state law (RCW 43.135.060) that prohibits the passage of any new programs or increasing service levels to existing programs unless “fully reimbursed by the state for the cost”.

PUBLIC SAFETY

Support efforts to increase capacity at the Basic Law Enforcement Academy.

MUNICIPAL FACILITIES

PUBLIC LIBRARY

Provide resources to allow our Municipal owned library to connect our community to the world, advance education and research.

MUSEUM

Provide funding to encourage the restoration of historic structures to interpret and preserve the heritage and unique character of the Anacortes community.

EDUCATION

ANACORTES SCHOOL DISTRICT

Provide learning support for students, ensure students learn in a safe and healthy environment and provide for robust support for educators.

THRIVING YOUTH

Establish opportunities for our youth by ensuring access to quality education mentorship, and positive career pathways.

WORKFORCE DEVELOPMENT

Support efforts to expand internships for high school and college students, bringing new technologies into the classroom, and strengthening STEM education in K-12 schools.

ENVIRONMENTAL PROTECTION

PUGET SOUND AND SALISH SEA PROTECTION

Support aquatic and salmon habitat protections and improvements in Puget Sound that will preserve and enhance critical habitat areas.

STORMWATER

Advocate for funding to assist the city in implementing stormwater permits and regulations.

CLIMATE

Support legislation that addresses climate change impacts, specifically efforts to reduce transportation emissions through electric vehicle incentives and low carbon fuel, and efforts to improve efficiency in buildings.

LOCAL GOVERNMENT

FISCAL HEALTH

Effective Advocacy

Letters, phone calls and in-person visits to members and their staff are key ways to make contact and communicate the city's perspective on an issue. During that time it's imperative to communicate the needs and wants in an effective manner using Legislative Priorities as well as a supported issues platform.

TRANSPORTATION

Support continued generation of new ideas for transportation revenue to provide additional emphasis on safety improvements of all transportation system.

MARIJUANA

Promote and advocate increased sharing of marijuana tax revenue with cities tasked with both the enforcement of State and regulatory laws and with the provision of health and social services designed to mitigate marijuana substance abuse.

PUBLIC WORKS TRUST FUND

Promote and advocate to fully fund the Public Works Trust Program, a critically needed source of funding for municipal infrastructure.

WATER RESILIENCY

Manage water assets to meet the appropriate regulatory standards for their intended uses. Treated drinking water, wastewater, stormwater, and runoff all contribute to the replenishment of the water cycle.

I-976

Identify and seek legislative support to address the impacts of I-976 and identify ways to address the financial losses imposed by the passage of this regulation.

Regulations

Infrastructure

PARKS AND TRAILS

Seek funding for continued improvements to Anacortes parks and expand trail systems to connect our community, enhance access to waterfront areas, and provide non-motorized transportation options.

WATER SYSTEM

Support low cost loans or similar tools such as tax-exempt municipal bonds, public private partnerships, or the state revolving loan for the much needed water service infrastructure improvements, repair, or replacement.

UNFUNDED MANDATES

Refrain from supporting any legislative proposals that would establish a mandate upon local government without providing the necessary funds to fully support the mandate to comply with state law (RCW 43.135.060) that prohibits the passage of any new programs or increasing service levels to existing programs unless “fully reimbursed by the state for the cost”.

PUBLIC SAFETY

Support efforts to increase capacity at the Basic Law Enforcement Academy.

Capacity

PUBLIC LIBRARY

Provide resources to allow our Municipal owned library to connect our community to the world, advance education and research.

MUSEUM

Provide funding to encourage the restoration of historic structures to interpret and preserve the heritage and unique character of the Anacortes community.

Education

ANACORTES SCHOOL DISTRICT

Provide learning support for students, ensure students learn in a safe and healthy environment and provide for robust support for educators.

THRIVING YOUTH

Establish opportunities for our youth by ensuring access to quality education mentorship, and positive career pathways.

WORKFORCE DEVELOPMENT

Support efforts to expand internships for high school and college students, bringing new technologies into the classroom, and strengthening STEM education in K-12 schools.

Environmental Protection

PUGET SOUND AND SALISH SEA PROTECTION

Support aquatic and salmon habitat protections and improvements in Puget Sound that will preserve and enhance critical habitat areas.

STORMWATER

Advocate for funding to assist the city in implementing stormwater permits and regulations.

CLIMATE

Support legislation that addresses climate change impacts, specifically efforts to reduce transportation emissions through electric vehicle incentives and low carbon fuel, and efforts to improve efficiency in buildings.

Community Youth Recreation Center

concept drawing

Build a community youth recreation center to support the youth by creating a safe place to study and socialize; and expose members to recreational, educational, and family support opportunities.

Our community is passionate about serving our children and we believe the future of our community depends on how well prepared, emotionally grounded, and physically healthy our children are as they grow into adulthood. Anacortes youth emphatically asked for a place to call their own. A partnership between the City, the Fidalgo Parks and Recreation District, the Anacortes School District, and the Anacortes Boys and Girls Club aims to provide them a safe place.

A community youth recreation center will foster emotional and mental health, wellbeing, encourage educational achievement, and support the youth of our community. Our goal is to create diverse, innovative, affordable, and age-appropriate opportunities, to offer a safe place to study and socialize, and to expose members to recreational, educational, and family support opportunities. The City is committed in a partnership to build a community youth recreation center for the Anacortes community.

LEGISLATIVE PRIORITIES 2020

Affordable Housing & Homelessness

Advocate for state investment and financial support to address homelessness and affordable housing by pursuing new resources and policies that will allow for an increase to local projects of supportive housing.

What is the problem?

- 2,260 Anacortes households (32% of all households) spend more than 30% of their household income on housing costs, meaning that almost 1/3 of Anacortes households are in housing that is not affordable to them.
- Land supply is limited for new single family development, and regulatory barriers and cost have inhibited construction. A more diverse array of housing options need to be available to meet the needs of our evolving population.
- 80% of Anacortes's housing stock is comprised of single family units, while only 17.6% are multifamily units.
- Since 2010, only 37 multifamily units have been constructed in Anacortes. During this same period, 446 single family homes were constructed.
- Skagit County has an acute shortage of rental units, a vacancy rate of less than 1%.

What is affordable housing?

Housing is considered to be affordable when a household spends no more than 30% of its household income on housing costs. When households pay more than 30% of their income for housing, they may have difficulty affording necessities such as food, clothing, transportation and medical care. Under the Growth Management Act, the City must plan to encourage the availability of affordable housing for all economic segments of the community.

Municipal Fiber

Maintain the designation of internet as an information service, consider tiered rural broadband grants based needs and availability rather than all or nothing qualifications, and continue to provide paths for local government to create the broadband internet service that's right for their specific community.

OVERVIEW

The City of Anacortes is improving the reliability and speed of internet services in town and is constructing a fiber optic network for city and community use. High-quality affordable broadband technology gives consumers access to super-fast speeds and provides the entire city with new opportunities to grow economically. Greater accessibility and faster speeds translates into improved economic performance with the creation of more jobs, more innovation, as well as incentive for additional infrastructure investments and companies relocating or expanding into the City of Anacortes.

IMPLEMENTATION

The City has an aggressive plan of providing high speed fiber internet to the homes and businesses throughout all of Anacortes in the next four years. More than 10% of Anacortes residents and businesses have pre-ordered service. In 2020, we will pass 1000 homes and businesses in our Commercial Business District, Old Town, and M Avenue corridor where overhead utility poles are readily available. Later this year, we will expand our footprint to pass another 1000 buildings. In future years, we will branch out into the homes and neighborhoods that require underground connections. Our business plan suggests that a 35% connection or "take rate" will ensure success. City Council allocated funding options for the initial startup costs through the use of reserves. We have hired a municipal broadband business manager and supporting staff, who moving forward deploying the network and connecting our residents.

WHY FIBER?

- Create jobs
- Attract new businesses
- Serve existing businesses to keep critical jobs in town
- Support home based productivity
- Advance healthcare, education, and research
- Create reliable connections for public safety
- Initiate tech booms
- Incubate start-ups
- Save money that can be reinvested in local economies
- Increase home values

ANACORTES FIBER INTERNET

LEGISLATIVE PRIORITIES 2020

Municipal Fiber

access
ANACORTES FIBER INTERNET

FIRST IN NORTH AMERICA

The City of Anacortes is the first in North America to successfully construct a **fiber optic backbone in active water lines** that links the Water Treatment Plant located in Mount Vernon, the Wastewater Treatment Plant located in Anacortes, sewer pump stations, and other facilities. The City is expanding the fiber optic network from this backbone infrastructure to all City facilities. We are connecting businesses and residents to this community owned and operated system.

Bringing broadband internet access to Anacortes residents and businesses is not only important, it's imperative. Broadband will be a game changer for our community.

With fiber access, I foresee a community where households can connect all their devices without worry, entrepreneurs have the infrastructure they need to innovate, our education and healthcare providers will have the platform for learning and telemedicine, and the city will have additional capacity to manage systems such as large databases and improve public safety communication.

- Mayor Laurie Gere

WITH COMMUNITY VALUES

Access reflects the City's commitment to:

- Offering affordable, high-speed internet service for all
- Providing simple, straightforward services and pricing
- Supporting education, students, and life-long learning
- Creating opportunity and boosting local businesses
- Protecting access to the internet with no throttling or data caps
- Keeping money in the community
- Delivering outstanding customer service and user experiences

STATE OF FIBER

- We are now taking city-wide fiber Internet pre-orders
- More than 10% of the city has currently pre-ordered service
- More than 20% take-rate achieved in the pilot areas
- Installations are now occurring in the Central Business District
- Old Town installations coming soon

PILOT AREAS

- Passing approximately 1000 homes and businesses
- Building out network to pass an additional 1000 aerial homes and businesses
- Goal is to have 700 installs complete by end of 2020

LEGISLATIVE PRIORITIES 2020

International Ferry

Upgrade and maintain the redundant international ferry capacity on the route from Anacortes to Sidney, British Columbia promoting economic development and tourism with an electric-hybrid vessel with a lower environmental footprint.

Anacortes is home to the international ferry service that takes patrons on a beautiful journey aboard a Washington State Ferry that sails passengers from Anacortes through the San Juan Islands to Sidney our Sister City on Vancouver Island. The upcoming retirement of the Elwha vessel in the State ferry's fleet will only leave one Safety of Life at Sea (SOLAS) boat with international capabilities per U.S. Coast Guard requirements.

Our priority is to upgrade and maintain the redundant international ferry capacity on the route from Anacortes to Sidney, British Columbia while promoting economic development and tourism with an electric-hybrid vessel with a lower environmental footprint. The maritime culture and industry has been the backbone of our state and city's economy.

Imperative to have a redundant international SOLAS capable vessel

Anacortes is committed to promoting and expanding a sustainable maritime economy while preserving our historically rich maritime culture, supporting economic development, and increasing tourism.

Canada is an important and vital economic partner for the City of Anacortes.

Ferries are currently the largest generator of greenhouse gas emissions in state transportation, with vessels producing **73% of annual greenhouse gases** according to Washington State Ferries.

LEGISLATIVE PRIORITIES 2020

Maritime Industry

Dakota Creek Industries Ship

Promote and expand a sustainable maritime economy while preserving our historically rich maritime culture.

Sustainable Maritime Economy

Anacortes together with the Port of Anacortes and the Economic Development Alliance of Skagit County, adopted a strategic plan to support and grow existing maritime businesses while providing infrastructure, technology and workforce development for future expansion.

Our strategic plan is built to support and grow our existing maritime businesses. Our community additionally seeks out high tech, marine-oriented businesses that use technology and provide living wage positions. The strategic plan:

Maritime Innovation Advisory Council

BUILDS upon public support for engagement in the development of a thriving, sustainable Anacortes maritime sector.

POSITIONS Anacortes as the Pacific Northwest's center for the emerging future maritime industry.

ESTABLISHES Anacortes as a state-wide and national center for maritime workforce development, education, research and development, and a regional and international destination for marine-related tourism.

The Anacortes Maritime Strategic Plan coincides with Governor Inslee's Washington Maritime BLUE- 2050 Vision for Accelerating Innovation Project.

Anacortes is in the unique position to capture and leverage the competitive advantages of the maritime environment. We are emphasizing our unique, creative, vibrant maritime community with respect to our history as a worthy waterfront town, and protecting our natural environment and public lands for future generations. Anacortes was the only city in Washington State who serves on this initiative committee.

LEGISLATIVE PRIORITIES 2020

Maritime Industry

EDUCATION

Marine and ocean engineering are fast growing and dynamic fields with plentiful opportunities that are improving as people turn to the ocean resources.

For example, classes at the newly renovated Anacortes High School foster development and encourage students to have a career in the maritime industry.

JOBS

CAPACITY

Heavy Haul Route

The City built a roundabout at 22nd Street and R Avenue with the partnership of the Port of Anacortes and Andeavor Refinery to accommodate the heavy haul loads seen due to the maritime industry. Our engineers made transporting large vessels and equipment through the corridor easier by installing swivel bases on traffic light signals. They are among the first to be installed on the West Coast.

Deep Water Port

The Port of Anacortes is the home of a natural deep-water port with access to inland transportation, conveniently located for maritime logistics and operations that support commercial fishing and a growing variety of commercial ventures, recreational boaters in the Cap Sante Marina, that brings nearly \$3 million in tourism revenue to downtown Anacortes and local marine trades.

A large, faint circular scale with numerical markings (40, 150, 160, 170, 180, 190, 200, 210, 220, 230, 240, 250, 260) is visible on the left side. The right side of the image has a subtle pattern of small, light blue dots, resembling a starry sky.

ANACORTES PARKS & RECREATION COMPREHENSIVE PLAN

The Plan we are discussing tonight is the one on the City website labeled 01/27/2020.

Revisions to the Parks & Recreation Comprehensive Plan since City Council meeting on December 16, 2019.

1. Discussion of inclusive playgrounds to remove physical and social barriers to play where opportunities exist.
2. Public Comments matrix follows the design used by the Planning Department.
3. Noted that park development will need to go through applicable permitting.
4. Capital Improvement and Service Enhancement section of the plan references our City Capital Facilities Plan.

The Parks and Recreation Comprehensive Plan is due to the State Recreation and Conservation Office (RCO) by March 1, 2020. To be eligible for all possible grants we need to have the Parks and Recreation Comprehensive Plan approved before that day.

The Anacortes Community Forest Lands draft plan is not required by the State RCO. Our preferred approach is to bring the ACFL plan to City Council once the Park and Recreation Plan is complete.
